## **Potential Career Paths:**

Upon successful completion of the Certified Course in Dental Surgery (Maxillofacial), graduates will be equipped with the foundational knowledge and skills required for further specialization in maxillofacial surgery. They can expect to find employment as surgical assistants in maxillofacial surgery departments or pursue advanced training in oral and maxillofacial surgery.

## **Course Layout and Scheme of Study**

Certified course in Dental Maxillofacial Surgery is comprised of 6 months. The course content is divided into 2 sections. First three months basic dental knowledge regarding instrumentation, equipment and infection control will be delivered. For next three months specialized clinical skills will be taught.
